

THANKS LETTER TO RIZWAN TRUST

I want to say tremendous thanks to Rizwan Trust Islamabad, who helped & supported me financially, in completing my graduation degree from Mehran UET Jamshoro, Sindh on to 2007. Whenever, I think about my university life and recall my sweet memories of that life, name of Rizwan Trust comes first off all in my mind because of their sponsored I was there otherwise I could not able to complete that degree due to my poverty. And today, it is because of them, I am able to support my poor family.

I am very much influenced from their merit system which they carry from their starting and still continuing because now a day every one want to support only referenced people and I hope they will continue that system so that only needy people can get financially support. I also thank to Mr. Sajid Mehmood Admin Officer Corroboration.

In last but not least I am again saying gracious thanks to my life by Rizwan Trust and who are sponsoring it heartily. God will keep them always on high wealth and health.
