Subject :- Special Thanks for Continuous Support.

Respected Madam,

I am a student of
4th year MBBS at Khyber Medical College
Peshawar. My father is a farmer, who
can't support me in a medical college.
During such tough time, your help is
of immense importance for me.

Madam, I can't find words
of appreciation & thanks, for your
continuous support. It has not only helped
me in continuation of my studies,
but it has also improved my
academic records. I secured second
position among boys in my college, I
have also secured 1st position in
subject of pharmacology.

I am highly thankful
for continuous award of scholarship with
hope that, it will be continued in future
